## Notice RE: Permanent Washrooms

Toronto Motorsports Park Management would like to thank you for your patience as we work towards getting our permanent washrooms back in operation.

We would like to assure everyone that the issue with the washrooms has not been due to any type of health code violation or an unwillingness to spend money to get them open. The washrooms are closed because existing infrastructure was deemed obsolete, and needed to be replaced, by order of the Ministry of the Environment, Conservation and Parks (MECP).

There are many factors that have come into play with this ruling, and we have investigated multiple engineering solutions to solve the issue.

At a recent meeting with Haldimand County staff, a design approach and operations plan was identified for a new, on-site wastewater treatment system that will satisfy the MECP, while at the same time removing the requirement to obtain future MECP approvals.

We are hopeful that we will be able to reopen our washroom facilities shortly. In the interim, we are exploring ways to provide our valuable customers improved temporary washroom facilities.

Once again, we thank you for your patience, understanding and commitment to Toronto Motorsports Park during these past few years.

Sincerely,

Uli Bieri  
CEO/Owner  
Toronto Motorsports Park
